Hi,

I have changed the homepage text and linked to the news article.

<http://www.guysandstthomas.nhs.uk/Home.aspx>

We have also posted this on Facebook: <https://www.facebook.com/GSTTnhs/>

Kind regards

thanks for doing this so quickly,

as discussed, if we can keep the petition link as the first link in the Trust website Homepage box, that would be best, but then changing the wording of the second part to something like 'Find out more about . . .' with a link to the new story

thank you

Media team - pls note the website news stories are now live for tweeting from Trust and Evelina accounts

Hi,

This has been done.

GSTT: <http://www.guysandstthomas.nhs.uk/news-and-events/2016-news/may/20160513-bus-stop-petition.aspx>

GTi: <http://gti/news/2016-articles/may/20160513-bus-stop-petition.aspx>

Evelina London: <http://www.evelinalondon.nhs.uk/about-us/news-events/2016-news/20160513-bus-stop-petition.aspx>

Please let me know if you would like the text under the image changed.

Should the link on the website homepage now link to the article rather than the petition?

Kind regards
