Subject: Bus Stop Protest

As you know, we have opposed Transport for London's plans for a floating bus stop outside St Thomas' for some weeks now. We have had an on line petition and have been preparing a legal challenge to persuade TfL to think again about its proposals.

To mark the launch of the legal challenge, and to draw the petition phase to a close we are proposing to stage a small protest at the bus stop next Tuesday, 28th June, at 10.30. We will issue a press release and will have a photographer on hand in the hope we generate some publicity.

I hope that you will want to join Hugh, Kate Hoey and a number of us in this endeavour. We will assemble outside the main entrance to St Thomas' shortly before 10.30 and I look forward to seeing as many of you as possible on Tuesday.

Peter
