I would ensure there are some wheelchair users and parents with buggies that always goes down well but would advise chaining himself to the railings

I thought you should know that Hugh is planning a protest outside St Thomas' at the site of the bus stop that TfL is proposing to move to accommodate a cycle lane. We've had a petition going for a few weeks and have just launched a judicial review so the idea is to have a small gathering with a photo opportunity to persuade TfL to start again on its thinking and come up with a less hazardous proposal.

I'm going to try to ginger support from governors, members, LAMPAG and WAC for 10.30 next Tuesday. Could we have a word about what might be appropriate in terms of security especially if it turns out to be a bigger event than I'm anticipating, please. I'm around this afternoon then not until Monday morning.
